

# G.A.L. GAGE CO.

HI-LO Welding Gauge  
~ Patented ~  
MEASURES INTERNAL ALIGNMENT  
New slim design is 30% lighter  
Cat # 1

Measures internal alignment of pipe after fit-up/alignment, cuts radiographic rejects  
Measures internal misalignment of pipe before and after tracking  
Measurement Scale: Inches on one side and Metric on the opposite side

Stainless Steel Construction  
Satisfy Fit-Up Codes, ASME, ANSI, API & Military
