## Aircraft Calibration Standards For Ultrasonic and Eddy Current Inspection of Boeing, Airbus and McDonnell Douglas

In addition to the calibration standards shown in this catalogue we are able to supply calibration standards made to your specifications. Please send us a copy of your drawings for a price quotation.

Riveted standards are supplied without rivets installed.

If you do not find the standard you need below, please send us a detail drawing for price and delivery.

<p><b>Part No :</b> A27288 <b>Purpose :</b> Eddy Current Inspection Reference standard SB DC9-27A235 R03</p>	 A 3D CAD rendering of a flat, rectangular metal block with a small horizontal line on its top surface. The block is shown from an isometric perspective against a light background.
<p><b>Part No :</b> SB09530186-9 <b>Purpose :</b> Eddy Current Inspection Reference standard SB DC9-53-186 R06</p>	 A 3D CAD rendering of a curved metal block with a semi-circular cutout on one side and several small circular holes along its top edge. The block is shown from an isometric perspective against a light background.
