PRODUCT OVERVIEW

The Opticam system has a user-friendly keypad and easy "One Touch" recording and snapshot buttons to help speed up inspection time. Technicians can easily record vital inspection data and client information using the available on-screen text-writer and footage counter. Built with a 0.85" mini-camera head that is geared to inspect sewer pipes from 1 ½" straight up to 4" inch diameter and a built-in sonde which broadcasts a 512 Hz frequency which is locatable with a 512 Hz locator.

FEATURES AND BENEFITS

Wi-Fi Streaming to Apple or Android
View, record, snapshot and share inspection videos.

One Touch Recording to USB
Record and take pictures during inspection.

On-Screen Footage Counter
View the distance pushed and displayed on screen.

Built-in Microphone and Speaker
Record voiceover video and play it back.

Keypad and On-Screen Text Enabled
Type in vital information to display and record on video.

Built-in Always on 512Hz Sonde
Broadcast a 512Hz signal to be locatable with a locator.
