NDT Level III Services offered:

- **NDT Level III Retainer Services**

- We will assign an ASNT NDT Level III to your organization to oversee your NDT program and provide the NDT Level III services listed below as necessary.
- The NDT Level III will be available by phone or email 24/7 and available on-site within 48 hours notice.
- We will provide a Certificate of Representation to assure your customers that you have retained the services of an NDT Level III.

- **NDT Personnel Certification Program Development**

- We will develop, implement and maintain your NDT personnel certification program, beginning with the development of an ASNT compliant Written Practice, tailored to meet the needs of your organization based on your specific NDT applications.

- **NDT Training**

- We will provide customized NDT training for your personnel with focus on the specific NDT applications being employed in your organization.

- **NDT Personnel Examination and Certification**

- We will develop general, specific and practical examinations specific to your NDT applications and administer the examinations to your NDT personnel.
- Upon verification that all training, experience and examination requirements have been fulfilled in accordance with your Written Practice, we will issue official certification documentation.
- We will administer annual vision acuity examinations to your NDT personnel and update their certification records accordingly.

- **NDT Process Development**

- We will develop or approve and maintain your NDT processes and procedures to comply with your quality system, customer and applicable code requirements.

- **NDT Consulting Services**

- We will provide on-site NDT consulting, problem solving, audits, technical performance evaluations, process development/improvement, etc., as necessary to ensure that your NDT program is effective and efficient.
