

## RADAC – Disposable Cassettes with Film

- ✓ Quality Assured – RADAC's use of the finest materials, precision manufacturing techniques, combined with rigorous quality control throughout the production process, ensures that RADAC's Disposable Cassettes with Film are free from defects.
- ✓ Standardization – RADAC's Disposable Cassettes with Film are machine-cut, ensuring that each film is the same size and that the edge of the film is always as close as possible to the outer edge of the cassette. Since there are no variations in the RADAC cassettes construction, 100% test repeatability can be achieved.
- ✓ Precision made – RADAC is the leading manufacturer of custom, precision. made, Disposable Cassettes with Film. Manufactured to fine tolerances, they are widely used and relied upon in the following fields:
  - Nuclear Industry
  - Aircraft engines
  - General Engineering
  - Pressure Vessels
- ✓ Manufactured to your exact requirements – RADAC's Disposable Cassettes with Film are specially designed to ensure light tightness in all conditions. They can be manufactured with x-ray film of any desired shape or type. They can be produced to contain just one film or can be multiple-loaded and may include lead foil for specific applications.
